Police, Firemen Refuse to Dissolve Unions.

Threaten to Quit in Body if Ban is Enforced.

Hub City Fire-fighters Refuse to go on Strike.

(BY A. P. NIGHT WIRE.)

MACON (Ga.) Sept. 16.— Both the police and firemen have held out in their refusal to yield to the demands of the Civil Service Commission and disband their unions. Their representatives said they would accept discharge as a body, if the City Council upholds the commission in its attitude.

BOSTON FIREMEN LOYAL

(BY A. P. NIGHT WIRE.)

BOSTON, Sept. 16.—The out-

standing developments today in the strike was the declaration of the city's firemen that they would remain on duty. The voting of unions affiliated with the former policemen on the question of whether or not the latter continued methodical, and there was doubt of the outcome. Officials realized the danger still confronting the city, but hailed with satisfaction the attitude of the fire fighters.

Guy Oyster, secretary to President Gompers, who conferred with officials of the Firemen's Union to do what he could for Washington, told after expressing the opinion that a general strike here was not imminent.

Four thousand men, members of the Firemen's Union, were voting today and tonight upon the question of a sympathetic strike.

The Boston Typographical Union was also voting today.

The machinists will vote Thursday. Brewery workers, bottlers, drivers, the bartenders and the United Hatters, Tailors, Drapers and Laundry were voted in favor of striking in support of the former police.

Meantime the recruiting of a new police force continues. Discharged service men are accepted as provisional members of the force without examination.

The Times Free Information Bureau
619 South Spring Street
THE TIMES FREE INFORMATION AND FREIGHT BUREAU is for the accommodation and benefit of persons seeking interesting routes of travel, desirable hotels and restaurants, recreation and recuperation at the seashore or in the mountains. Correspondence to the general public regarding rates and attractions of railroads and steamship lines, hotel accommodations and health resorts. Photographic, descriptive circulars and maps of the lines and steamship companies can be obtained from the bureau. Circulars and maps of steamship lines in a few minutes, without the delay incident to writing for it, all the information desired. Literature may also be obtained at the New Times Building, Broadway & Fifth Street. Circulars and maps of the lines can be obtained at the New Times Building, Broadway & Fifth Street. Literature may also be obtained at the New Times Building, Broadway & Fifth Street.

CONTINENTAL VISITORS VISITING LOS ANGELES ARE PRIVILEGED TO HAVE THEIR MAIL ADDRESSED TO THIS BUREAU.

DATES NOT FIXED.

The election date has not yet been fixed. November 11, is mentioned but without enthusiasm.

The chamber's mandate, agreed upon in May, 1918, by the Deputies since then have been drawing stipends and expenses, to which they are not entitled, according to the French constitution.

According to the estimates and predictions of the Parisian paper, 300 Deputies actually sitting at the present time will not be returned.

The debate in the afternoon turned into a general discussion of the exchange problem and the continued decline of the franc, and the possible remedial measures.

Both M. Clementel and M. Klotz advocated diminution of the imports from Great Britain and the United States.

For the first time the chamber

FRENCH DEBATE IS PROLONGED.

Forty-six Deputies to Speak on the Peace Treaty.

Clemenceau is to Address the Chamber on Thursday.

Obstructionists Say They are Waiting on America.

(BY CARL AND ASSOCIATED PRESS.)

PARIS Sept. 16.—Forty-six Deputies desirous of explaining the reasons why they would vote for, or against the ratification of the peace treaty inscribed their names on President Deschanel's blotter when the debate resumed in the chamber this afternoon. The list is still open and growing daily.

Five speakers, four of them favoring immediate ratification and the other dissenting, are members of a commission headed by M. Viviani which reported to the chamber upon the advisability of ratifying the treaty. Ten Deputies, all members of the commission, embodied various criticisms which they desire inserted in the document after its ratification. M. Clementel, the Comptroller of the Exchequer, deplored the opposition with respect to French exchange. M. Clementel was optimistic that France would be one of the nations advancing most quickly. He hoped that Germany would adopt Mr. Hoover's suggestion of loaning Europe \$2,000,000,000, and understood that France's purchases entailed no expense, nor prompted by ill-feeling, but owing to the impossibility of buying without heavy losses because of the condition of exchange.

M. Viviani urged the immediate ratification of a financial league of nations. He said that France in 1918 not only saved the liberty of the world, but its interests, which makes it possible now for the Allied countries to flourish. It would be disastrous to the Allies to withdraw from the battlefields, succumb on the battlefield, to succumb in the economic struggle.

M. Viviani, after eloquently and charmingly section of the country. The Deputies unanimously voted to postpone his speech on the walls of Paris and in the public squares. He was congratulated warmly by Premier Clemenceau and all the ministers.

JUXTA HUMOR.

M. Klotz injected a humorous touch into the debate when he told the chamber that one of the causes of the rise in sterling was the importation of small arms and cartridges destined for the use of hunters at the opening of the hunting season in September.

The Socialists are not alone to blame, many members of the center and right, staunch supporters of the government, are also adopting obstructionist tactics. The Socialists, generally advanced by the obstructionists is the desire that the French chamber should await the decision of the United States Senate, but the real cause is declared to be found in the fact that the Deputies are anxious to prolong their expired mandates as long as possible, and are disinclined to face an election.

THE action of China in terminating the war with Germany by an edict dated September 15, instead of the terms negotiated at Paris, encloses the official statement of the efforts of the President to abate the Shantung controversy if Japan now yields to the impositions of the President she will be compelled to back down on her recent assurance that she would not enter into negotiations with China for the restoration of Kiao-chow for the restoration of Kiao-chow.

The Chinese action has strengthened the opposition of the administration to convincing the Chinese officials that more could not be done without affronting a sense which always has kept the Chinese.

Whether the Chinese

will yield to the pressure of the Foreign Relations Committee providing for the restoration of Shantung to China directly.

STRENGTHENS OPPOSITION.

The President has deplored the transfer of Shantung to Japan, which he has represented as an act of expediency to procure the signature of Japan to the treaty. Secretary Lansing, however, told the Senate committee that in his opinion Japan would have signed without the Shantung concession.

The indecision of the promises of Japan to restore Kiao-chow to China has strengthened the opposition of the administration to convincing the Chinese officials that more could not be done without affronting a sense which always has kept the Chinese.

The Chinese action has

brought to bear on Japan to sign the Versailles treaty, but by refusing to do so the Chinese officials have come to the conclusion that the Chinese should return to the Versailles treaty.

THE Chinese action has strengthened the opposition of the administration to convincing the Chinese officials that more could not be done without affronting a sense which always has kept the Chinese.

The Chinese action has

strengthened the opposition of the administration to convincing the Chinese officials that more could not be done without affronting a sense which always has kept the Chinese.

The Chinese action has

ESTONIA ACCEPTS PEACE PROPOSAL OF BOLSHEVIKI

Faith Placed in Appeal, but Delegates will Meet at Petchory to Listen to Reds' Terms.

BY ARTHUR MANN.

[BY CABLE—EXCLUSIVE DISPATCH.]
REVEL, Sept. 15.—The Estonian government has accepted the Bolshevik proposal for peace negotiations. The Foreign Minister, Strandman, in an interview here, where he has been to the Inter-Baltic conference, said Estonia did not wish to know the peace terms of the Russian soviet. So we have entered into conversations with the Bolsheviks, but

will meet at Petchory, near Pskov.

It will be some time since the publication of the Bolshevik offer to the public opinion to solidify regarding the proposal, but it is very suspicious of the Red offer. What

the Bolshevik propagandists and agitators with a lot of money declared, and should war with the soviet be inevitable that a strong border guard would be kept up by

the last of the Bolshevik Foreign Minister Tchitcherina's

that the officers and men refusing to obey will be cut off from pay and provisions and court-martialed.

But the German troops in Courland will live on the country at least until winter and even skilled men want to hang on because of the promise of land made them by Neidra, former Premier of Latvia.

Neidra, through a Lett, formed a government, which included the Baltic barons of German extraction and he promised all German officers and troops land in Latvia if they would remain and drive the Bolsheviks out of the country.

But Neidra fled to Mitau, where he is now, when the present Premier, Ullman, formed the present government which is anti-German and anti-Baltic barons and which refuses to be bound by Neidra's land pledge.

BRITONS POORLY CLAD.

Only about a thousand British troops are in the Lettish line and they would have scarcely been recognized as any army by the usual standards of well equipped troops of great countries. Nearly 50 per cent of the men stood barefooted on the cold, newly-tunneled ground. All wore only a cap or a uniform cap, coat or trousers, but few had a complete outfit, and even the parts worn were ragged and appeared to be gathered from uniforms of various countries. But different colored men with rifles over the parapet were on the alert and stood smartly at attention as we passed through

the peace.

SPRUCE INQUIRY TO BEGIN HERE.

Congressional Committee to Arrive Today.

Testimony Shows Oregon Commissioner Interested.

Former Governor Involved in Alleged Transaction.

BY A. P. NIGHT WIRE
SAN FRANCISCO, Sept. 16.—A letter written by C. J. Miller, a government railroad locator, saying that a Mr. Baker, a county commissioner at Newport, Or., suggested to him it would be worth \$11,000 or

\$12,000 personally to him to have a government railroad run through Newport, was introduced at the hearing today of the Congressional subcommittee investigating alleged spruce production irregularities in the Northwest.

A statement that former Gov. Oswald West of Oregon and other prominent citizens of the Northwest "interested themselves financially in the government's aircraft spruce production," was also made at today's hearing by Lieut. H. E. Kerrigan, a former member of the army intelligence corps in the Northwest.

The hearing was concluded today and the committee departed for Los Angeles tonight, where another hearing will be held.

On Monday, September 22, the committee expects to take the testimony of C. P. Disque, who was never sent from the San Francisco office of the corporation. Kerrigan quoted Alexander Poulsen of the aircraft spruce commission as saying that if he had not been hindered "by the man named Hohenholz," could have had a railroad built into the spruce lands and 20,000,000 feet cut, prepared and delivered long before such road ever completed.

Copies of documents purported to have been signed by West and supporting Bruce P. Disque, who was head of the aircraft spruce production corporation, with the committee, although this hearing may be reached earlier than it was announced. It was Maj. Howes' report on spruce and aircraft production which prompted the investigation.

SWEDES WISH TEUTONS AT LABOR CONGRESS

An inspection of the aircraft fields at San Diego also will be conducted.

KERRIGAN TALKS GRAFT.

Kerrigan testified that he "believed there had been graft, inefficiency and deliberate hindrance in the spruce logging programme," but he had never been allowed to make a trip to the Northwest, Washington said.

"Much of the data gathered by me was never sent from the San Francisco office of the corporation," Kerrigan said.

In Congressmen Frue of Wisconsin, the chairman of the subcommittee, said that the evidence submitted by Kerrigan was "not all new" and had never been brought to the committee's attention before.

PAYMENTS SHOWN.

Payments of at least \$2400 to the law firm of West and McCollum in Portland, of which former Gov. West is a member, and a corporation known as the U. C. Company, whose further identity is unknown to the subcommittee, were shown in a report made yesterday by Congressman Magee of New York, a member of the subcommittee.

A memorandum found by Kerrigan in the offices of the Warren Spruce Company in San Francisco showed, according to evidence presented to the committee, that while the Warren Spruce Company was incorporated for only \$20,000, that amount was paid in by 1918.

"Evidence presented to us," said Congressman Magee, "shows that the Warren Spruce Company's profit on government contracts last year was between \$600,000 and \$800,000."

CONGRESS IS WARNED OF ENORMOUS DEFICIT.

GOOD SAYS APPROPRIATIONS FOR YEAR THREE BILLION ABOVE RECEIPTS.

BY A. P. NIGHT WIRE

WASHINGTON, Sept. 16.—A deficit of more than three billion dollars by July 1, 1920, is facing the treasury even should Congress appropriate another penny before that date, Chairman Good of the Appropriations Committee today informed the House, warning it that "greater economy than ever exhibited before" must be practiced by government departments.

Already the government is committed to expenditures for the year ending next June 30, of \$10,831,200,000, while the total revenues are estimated at \$7,939,928,240.

Under the fourth, the president of the American Federation of Labor is given authority to suspend any strike when, in his judgment, "the welfare of the government people in the United States or of any State or municipality, requires such action."

The inclusion of the President of the United States in the ranks of the American Federation of Labor is itself unusual, and it is proposed that he become automatically, during the term of his office, a member of the executive council without vote, and shall have authority, with the consent of four other members of the executive council, to suspend specifically-mentioned strikes during a period of national emergency. The existence and duration of such an emergency is to be decreed by Presidential proclamation.

The authority to call a general strike involving more than one industry is vested solely in the executive council of the American Federation of Labor under the reorganization plan, and by the seventh proposition, the power of the council is further extended to enable it to remove any elected or appointed officer of any international or local labor state federation or affiliated organization.

LEAGUE'S PROPOSITIONS.

In urging these propositions, the league says:

"The United States is confronted with a perilous situation which is without precedent, and if industrial conditions are not very soon changed for the better there will be a widespread misery among the people of the United States and those of the world, and serious economic calamity.

The situation is so serious that the foundations of our free democratic form of government are threatened.

In our opinion, the one way to relieve the world of its troubles is to unite Europe with the good will and machine necessary to reconstruct her demolished industries, give employment to her hundreds of thousands of idle men and set a mark on her feet easily.

After securing the need of increased production as the only method of solving the high cost of living, the communication declares that, while many strikes have been necessary to bring about improvements to terms, "we also strongly assert that there have been a great many strikes which were uncalled for, and which should not have been ordered or held up during these difficult times. The union movement goes on strike without provocation of the most extreme nature in guilty of moral treachery to the government and people of the United States, and of inhuman conduct towards the peoples of Europe's helpless countries."

The letter closes with a recommendation that the president and executive council of the American Federation of Labor step immediately to cancel and suspend all strikes now in progress in the United States, and to prevent the calling of future strikes unless imperatively necessary for such reasonable cause.

The telegram received by Gov. Stephens included the statement: "It must be appreciated the grape movement, estimated at 20,000 to 30,000 bushels of new business, the grapes in former years having been made into wine, though."

TRIUMPHANT MORNING.

GEORGE WAGES KAISER.

BY CABLE AND ASSOCIATED PRESS

MADRID, Sept. 16.—The

earth shocks in southern

caused serious damage at Almeria,

Mediterranean resort with

80,000 population.

[Madrid dispatches reported

various points in southern

earthquake.

George was forced to return to

London and could go to Paris only

at infrequent intervals. A. J. Bal-

four, British Secretary of State for

Foreign Affairs, took the Pre-

ture of peace until after the signa-

ture of the Austrian treaty, when he

announced he would return to Lon-

don.

GEORGE WILL SIGN.

SERBIA WILL SIGN.

SERBIA, which with Bulgaria, did

not sign the London peace treaty,

will attach a belated signature to

that document, according to the

Paris de Paris today.

It has been informed, it says, that

such a step by the part of Ser-

bia's delegates is certain and that

action to this end is to be the first

taken by the new Serbian Ministry

of Foreign Affairs.

Eric Crowe will probably sit in.

French Foreign Office officials

charge that Britain will try to

stampede from Paris and shift the

seat of the Peace Conference to

London, as they want to negotiate

the Turkish treaty on English soil.

British assert that the work of

the present Peace Conference is

finished and there is nothing left to

do.

Lloyd George, Bonar Law and

Lord Milner left this morning

London bound, but Sir Eric arrived

in Paris last night and will be

present at the council of five meet-

ing today.

Americans fear delays through the

fact that Sir Eric will have to refer

all big questions to Lloyd George

before making decisions and that

they urge Lloyd George to name Sir

Eric a minister plenipotentiary.

Despite statements emanating

from British sources yesterday that

the council of five will be held in

Paris, the British delegation has

decided to meet in London.

RECEPTION BY CONGRESS.

Congress was in full holiday dress to-

night, awaiting the culminating

military episode of the great war

tomorrow, when Gen. Pershing leads

the First Division up Pennsylvania

avenue in the national victory para-

de. Approximately 22,000 veterans

will follow their chief in this last

appearance of the American Expe-

ditionary Forces, and to his officers

and men for their unwavering dedi-

cation and heroic valor throughout

the war.

THANKS OF CONGRESS.

Congress today formally extended

its thanks to Gen. Pershing for his

highly distinguished services

as commander of the American Expe-

ditionary Forces, and to his officers

and men for their unwavering dedi-

cation and heroic valor throughout

the war.

The joint resolution was adopted

by the House and Senate very

quickly.

Chairman Kahn of the Military

Committee offered the resolution of

thanks, which was adopted. Repre-

sentative Schall, independent, Min-

nesota, castigating the only dissenting

vote. It was voted to the Senate.

The resolution says:

"The thanks of the American peo-

ple and of the Congress of the United

States are tendered to Gen. John Pershing

for his highly distinguished services

in Europe, and to the officers

and men under his command for their

unwavering duty and valor

throughout the war."

LISTS AND PROFITEERS.

REWARD OFFERED FOR

LOST FLYERS' BODIES.

(By A. P. NIGHT WIRE.)

SAN DIEGO, Sept. 16.—The War

Department has offered a reward of

\$1000 for infor-

mation leading to the discovery

of the bodies of Lieuts. Frederick

Waterhouse and Cecil H. Connelly,

according to announcement made

today by Col. H. L. Watson, com-

mander of Rockwood Field.

Waterhouse and Connelly, border

patrol pilots, disappeared Aug. 21

in Lower California.

The naval tug Challenge, based at

San Quentin, during the search for

the missing fliers, was ordered

to leave the Lower California port

tonight for San Diego. Maj. Chester

Dorian of San Diego, who led the

mounted searching party, is com-

ing north on the Challenge.

A DISCOVERY THAT

BENEFITS MANKIND.

Two discoveries have added greatly

to human welfare.

In 1855 Newton originated the

vacuum process for condensing milk with

cane sugar to a semi-liquid form.

In 1885 Horlick at Racine, Wis., dis-

covered how to reduce milk to a dry

powder form with extract of malted

grains, without cane sugar.

This product HORLICK named

Malted Milk. (Name since copied

by others.) Its nutritive value,

digestibility and ease of preparation

(by simply stirring in water) and the

fact that it keeps in any climate,

has proved of much value to mankind

as an ideal food-drink from infancy

to old age.

Mrs. Sanford's Message To Working Women

Laurel, Miss.—"Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took two bottles of it, saving both of them, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman."—Mrs. J. C. SANFORD, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in such a miserable condition as was Mrs. Sanford, or suffering from displacement, irregularities, inflammation, ulceration, hæmorrhage, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try the famous medicine and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their long experience is at your service.

Spent Over Half Her Time in Bed

Los Angeles Woman in Bad Health for Years.

Takes Tanlac and Change Is Wonderful.

Says She is Enjoying Perfect Health Now.

"Tanlac has done for me in just a few weeks what I have been trying for years to get other medicines to do," said Mrs. America Renaker who lives at 1269 West 36th street, Los Angeles, while talking to a Tanlac representative the other day.

"My health has been very poor for several months now," continued Mrs. Renaker. "But for the past six years my condition has been exceptionally bad. I had stomach trouble and indigestion in the worst way and everything I ate disagreed with me. When I commenced taking Tanlac I had lost at least fifty pounds in weight and was so weak and rundown that I was hardly able to get about at all. My nerves were in a terrible condition and very often I would lie awake all night long. I had taken so many different medicines without getting any relief I was completely discouraged over my condition.

Tanlac had evidently not been introduced in California at that time but I had been getting the papers from my home town in Kentucky and I read where several people there whom I knew had been greatly helped by taking Tanlac, so I sent all the way to Kentucky for a bottle of this medicine. It wasn't long before I noticed that Tanlac could be obtained here and as the first bottle had been such a wonderful help to me, I continued to take it until now I am enjoying perfect health again. Why, I have almost regained all I lost in weight. My troubles have been completely overcome, and when night comes now I sleep like a baby, and get up every morning feeling just fine. I have a splendid appetite and eat three hearty meals every day, and never feel any pain after dinner. I will tell anybody that Tanlac is the best medicine I have ever seen, and am glad to recommend it to everybody."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Co. [Advertisement].

Red-Threat Is Seen by Gary.

Steel Corporation Official Fears Bolshevik Wave.

Chicago Union Officer Says Steel Strike Certain.

Gompers Says He Will Take no Personal Part in It.

[BY A. P. NIGHT WIRE] NEW YORK, Sept. 16.—The Finance Committee of the United States Steel Corporation met today. After the meeting Elbert H. Gary, chairman of the board of directors, was asked if the threatened strike had been discussed. He refused to answer directly, but remarked: "The wave of Bolshevism may yet strike us."

When Mr. Gary's attention was called to claims of union leaders that the steel workers were 100 per cent. organized, he reiterated his previous statement that, according to his information, not more than 15 per cent. of the corporation's employees were union men. "However," he added, "I do not believe in denying that I have no knowledge of."

SAY STRIKE IS CERTAIN.

CHICAGO, Sept. 16.—Steel workers of the Chicago district will go on strike Monday morning, despite all news reports to the contrary.

This was the positive assertion today of Theodore Vind, president of the South Chicago Trades and Labor Assembly, and international or-

ganizer for the Steelworkers of North America.

The men in the Chicago district will lay down their tools and walk off the job at 8 o'clock, he declared. "This is certain. All rumors indicating they will not are false."

The strike can only be averted by one eventually, he said. E. H. Gary sent to meet the international delegates of the men. In the face of Judge Gary's repeated assertions that he would not agree to such a concession, the committee said it would be inevitable.

More than 150,000 workmen will be affected by the strike order.

Plants in Chicago, South Chicago, Hammond, Indiana Harbor and East Chicago, all included in the area

designated by the steel workers as the Chicago district, will be smitten by the mandate. Among the number of independent mills and factories not affiliated with the steel corporation. Some of these now paying their men eleven hours' wage for eight hours' work, but which will not render them immune from the strike, he said.

Definite announcement that the union men would disregard President Wilson's request that they do some work to produce the memorial altar for William Cripps, a neighbor and friend, who acted as a witness to the marriage. A horse and wagon provided transportation for the bride and groom. The two places join, and thus the friendship was made. The groom is a veteran of the Civil War and has only recently come from the Sutro mine to make his home on his ranch here.

When best wishes were extended to Mrs. Snyder, she smiled, saying: "I think I will be happy. I always have been when married."

To Identify Stranger.

Coroner Makes Effort to Locate Relatives of Dead Man.

[LOCAL CORRESPONDENCE] VISALIA, Sept. 16.—Coroner A. E. Brooks is still searching for information as to the identity of a man aged about 60 years, who was found lying beside his wagon near the city, early this morning. On his neck, his throat and wrists slashed and a bloody case knife in the grass beside him.

Ranchers of the Goshen section said the man had been picking grapes in various places and had added to his income by sharpening tools with a rude equipment which he carried from place to place by horse and wagon. He was a well-known workman in vineyards and had followed the life of a tramp for many years. There was nothing in his effects to indicate his identity.

C. E. CONVENTION.

Church Workers of Riverside County Meet at Beaumont.

[LOCAL CORRESPONDENCE] BEAUMONT, Sept. 16.—It has been officially decided that the Christian Endeavor of Riverside county will hold their next annual convention in this city on September 27-28. It is planned to give the visiting delegates a cordial reception and a hearty welcome. All accommodations have been arranged in advance. As far as possible arrangements have been made to receive them in the homes of persons in guest. The convention will be addressed by several well-known speakers from Los Angeles and Pasadena.

VETERAN IS INSTRUCTOR.

[LOCAL CORRESPONDENCE] COVINA, Sept. 16.—Donald Mcintosh, athlete of Occidental College, and a young veteran of three major battles with the American forces in France, began his third morning athletic coach and instructor for the boys and girls of the Covina Union High School. More than usual attention is to be paid to athletics this year.

With an enrollment of 115 students in the High School and nearly 600 in the grade schools, the Covina district began the school work this morning, with Prof. S. Millikan in his second year as district superintendent.

"There is but one way. Our hope for the future lies in democracy. Only by development along democratic lines can we recover even a little of what we lost and at the same time irreversibly with the vast and powerful Hungarian army. We must prevent the incursion of Germanic influence. Hungary too long has been dominated by a stronger race. We must have the co-operation of the Entente, overcoming the poison of Pan-Germanism."

"All alliances which lead to war must be avoided at the present time. When alliances are made they must insure peace rather than endanger it."

Lovasz here was referring to the geographical situation to be a link between the many small nations surrounding us. To fulfill successfully this trust, we must oppose to the Hungarian attempt to re-establish the Hapsburg monarchy.

Why was Girl Held by Police? Ask Crown City Officers.

(LOCAL CORRESPONDENCE)

PASADENA, Sept. 16.—The Pasadena Community Playhouse Association and the Pasadena Center of Drama, despite the fact that some of the stars figuratively speaking, of Pasadena's proposed Greek theater, today.

A committee from these organizations called this morning upon Percy Hamilton, in charge of parks, including the Greek Theater in a glen of the Arroyo Seco, and proposed that local organizations be consulted concerning the theater; also that some national organization such as the Greek, Macbeth, Chubb or some such interested person consulted in regard to the technical arrangements.

The local Community Playhouse and Drama League members are to be "on the alert" and the Commissions—Hamilton, has not consulted them before it. It is also said they are not in favor of making a contract with Miss Dorothy Schindler for supervising the outdoor playhouse.

As a result of the visitation of the delegations action on the proposed contract with Miss Schindler and other details of the Greek theater were postponed until Friday.

TO CELEBRATE NOVEMBER 11.

Plans are being made for a big celebration here of the first anniversary of Armistice Day. Dr. J. W. S. Grannis, head of the Soldiers' and Sailors' Employment Bureau here, is in charge of local arrangements. The programme has not been definitely decided upon yet.

MOVIES AT Y.M.C.A.

A series of "movie shows" will be given at the Pasadena Y.M.C.A. during the coming winter season according to an announcement made by the association today.

TO GIVE UP INCINERATOR.

City Commissioner John J. Hamilton stated today that the city would shortly give up use of the local municipal incinerator and sell its site.

Clement Jacomini of the Mt. Wilson Solar Observatory staff, was painfully injured this afternoon when his bicycle collided with an automobile driven by Claude Higgins, a senior highway engineer to females. October 21, senior highway engineer, male, at a salary of \$2000 to \$2400 a year. These vacancies are in the bureau of public roads, Department of Agriculture.

For Michigan Picnic.

Samuel Young, president of the Michigan Association of Southern California, announces that the big annual picnic will not be postponed because of the coming of President Wilson, Saturday, but that the plans will be greatly changed.

And who come here to greet the President and also attend the picnic at Sycamore Grove. Instead of serving hot coffee at noon only for the men, there will be coffee served at night for picnic supper. The county registers will be opened early in the morning and enrollment continued all day.

ORANGE COUNTY FAIR.

Annual Event Promises to Provide Much Entertainment.

(LOCAL CORRESPONDENCE)

HUNTINGTON BEACH, Sept. 16.—The 1919 Orange county fair, to be held at Huntington Beach Thursday, Friday and Saturday, October 2, 3 and 4, will be the best ever held, according to the fair committee of the Chamber of Commerce, which has the "big doings" in charge. It is certain that the exhibits of live stock, flowers, antiques and agricultural products will be the most comprehensive ever gathered at the local fairs.

Teachers of the county will hold an institute here on October 3, when all the fairs will be dismissed and every effort will be made to secure a large attendance of school pupils, free tickets being mailed to each pupil. Saturday, October 4, there will be an old fashioned reunion and picnics of State societies on the beach, with coffee provided by the fair committee. There will be lectures and demonstrations of interest to farmers, visitors to the fair, bureaus and amusements will be provided by the fair committee and also through concessions.

DIES ON DUTY.

Motorcycle Officer Killed While Pursuing Auto Thieves.

WHITTIER, Sept. 16.—Charles R. Morgan, Whittier motorcycle officer, died at the Whittier Hospital early this morning from an accident which occurred shortly after 10 o'clock last night. Morgan was speeding west of Philadelphia street, driving rapidly, when he struck a mobile phone pole, just west of Whittier, going west, and as he approached the Salt Lake Railroad was thrown under a passing train.

The train had only entered the engine and the unfortunate man probably made a desperate attempt to stop, but was hurled forward under the car wheels. His parents came from Watts when apprised of the accident, reaching his bedside with him. His wife was with him.

Morgan came to Whittier in 1917 and began his service with the city. He enlisted in the Motorcycle Signal Corps during the war and was stationed at Camp Dix, N. J. During the war he married Miss Maude Cooper, daughter of Mr. and Mrs. D. E. Cooper of this city. After his release from service he resumed work for the city.

Coroner Hartwell will hold an inquest Thursday morning.

Divides the Court.**Divorced and Separate "Nest"
Charges are Aired.***WOMAN'S CLUB
NEARING GOAL.***Drive for Thousand Members
Brings Good Results.**Battling Teams Include Many
Persons of Prominence.**Rekindled Interest in Civic
Questions is Shown.*

The membership drive of the Woman's City Club, under the leadership of the chairman, Mrs. E. H. Noe, has been waged with remarkable success, it was stated yesterday. Each meeting reports fifty to sixty new members. At this rate the aim for 1919 will soon be reached, club officers say.

Present-day issues have been of such tremendous importance that many interesting programmes have been brought before the club for discussion. During the war and the "flu" epidemic, all clubs suffered more or less in attendance, also owing to Red Cross work, in which many patriotic women have served so faithfully. Having done their bit for their country, they now turn their energies attention to civic matters, and as a result many familiar faces are again seen at club meetings.

Renewed interest has also resulted since the club moved to its new quarters in the Auditorium. Auditorium has ample seating capacity and affords fine facilities for meetings.

The two membership teams headed by Mrs. John T. Coleman and Mrs. Edna P. Phillips have added as co-workers to their teams many women prominently identified with affairs of the city. Those working under team No. 1 are Mrs. A. C. Goss, Mrs. C. C. Bishop, and Mrs. Mrs. California Ryan, Mrs. Neille Scott Lucas, Dr. Jessie A. Russell, Mrs. Frederick Hickok, Mrs. S. Elson, Mrs. J. E. Brown, Mrs. Robert T. Bratt, Miss Ella L. Grun, Mrs. Mrs. Edna Porter Phillips, Mrs. Herbert Ashe, Mrs. Frederick Coble, Mrs. T. B. Bowing, Mrs. Charles F. Gray, Mrs. Cora D. Lewis, Mrs. Mary Smith, Mrs. J. D. Taylor, Mrs. Fenner Webb, Mrs. Geeser Williamson.

On September 15, William A. Wade, dentist, held his annual picnic, and the club went on a picnic. The previous day, she taught her theater tickets to the girls, and the girls were given a pension of \$40.

ATTACK SLAVE INDICTMENT

The sufficiency of the indictment, returned by the Federal grand jury in Boston, Mass., in the case of Frank Goodspeed, a young dentist, charged with bringing Miss Pearl Rose, an attendant employed in his office in Whitman, Mass., from that city, November 29, to Los Angeles, for an immoral purpose, thereby violating the Mann White Slave Law, was argued before United States Commissioner Long yesterday. At the conclusion of the hearing, with John M. Bowen, appearing for the accused, and Assistant United States District Attorney Crane of the government, Commissioner Long took it as alleged that when Goodspeed started west with the young woman he deserted a wife and two children.

At one o'clock, Mr. Crane said:

"I am going to argue that the girl was cruel. De-

spite the fact that she charged him with being a woman who accused him of keeping

autumn styles on seventh page.

HAY JOB FOR POLICE

Council Will Ask Guardians of
Peace to Hale Forage.

The Police Department today will be urgently invited by the City Council to hale approximately seventy-five tons of alfalfa hay, raised on the municipal farm, near the Los Feliz road, and which members of the Council yesterday declared is spoiling because of lack of attention.

The matter came up when the Council allowed contracts for hay to the Park, Police, Fire, and City Engineer's departments. Councilmen raised the point that it is poor business for the city to buy hay for the Police Department when it could have raised on the farm under its own jurisdiction to go to waste.

NOT SELLING CARS.

Army Rumor of Cheap Autos Is
Denied by Officer.

Another army "bluebird," the soldier's term for a wild rumor, was nailed to the cross yesterday by Lieutenant A. L. Benedict, in charge of the local office of the Army Transport Corps, when he denied emphatically that the government is selling or contemplating selling automobiles originally purchased for the American Expeditionary Forces.

"I get more than 100 inquiries a day regarding these cars," said Lieutenant Benedict. "The bluebirds are of different kinds. Some think they have to do with their money and the car is ready for delivery. The main rumor is that new cars are to be sold at \$100 each, and another is that the same car can be bought at \$250 in lots of ten."

I don't know where these rumors started but they certainly have been working overtime.

COLLECTOR HELD UP.

Can't Balance Books Till Tax Refund Checks are Cashed.

Internal Revenue Collector Carter yesterday sent out an "S.O.S."

call asking that income taxpayers

who have received a refund check

from the office deposit it at once in

the bank, so that he can balance

his books. If they don't it may be

necessary for Congress to do something about it.

The collector stated yesterday

that since March 15, 1919, he had

signed and mailed 24,000 refund checks.

Thousands of them were

very small, many for sums ranging

from 1 to 15 cents, and are doubtless kept as souvenirs. But there

is no opportunity to balance the books until the checks have been

returned and the collector has

something to show that the money

has been received.

**RECKLESS DRIVER TO
FACE FELONY TRIAL.**

C. O. Evanson, arrested by Patrolman Conkey after having driven his car into a crowd listening to a street-corner orator on Los Angeles street, was held yesterday by Justice Brown to answer a charge of driving an automobile while intoxicated, a felony.

The evidence showed that Mrs. Seiner, at the age of 75 years, escaped and ran to Mr. Moore's

home, obtained a divorce from Mr. Seiner. She left the second husband the day after the wedding. Her daughter, Julia S. Gardner of Chicago, testified that her father, now living in St. Louis, never obtained a divorce.

TO PLAN TAXI ORDINANCE.

The City Council tomorrow will consider a proposed ordinance to regulate rates, terminals and other vehicles for public hire, and describe the zones within which they shall not solicit business.

**THIEVES FIND MONEY,
BUT OVERLOOK BONDS.**

Thieves looked in the proper place to find \$600 hidden in an open trunk

by Mrs. Margaret Eads of Willowbrook Sunday, according to a report to Sheriff Cline yesterday.

Deputy Sheriffs Anderson and Lips found the bonds intact. The thieves entered by an open window and took the money.

STREET IMPROVEMENTS.

Orders were adopted by the Im-

provement of streets in the

avenue improvement district and for

the improvement of Romaine street

from Hobart boulevard to Oxford

avenue and a portion of Oxford ave-

nu.

AUTUMN OPENINGS TOMORROW.

Though there will be no fashion show this year, in the former

sense of the term, the local dry goods houses have decided upon

tomorrow as the date for the fall openings.

This date is set as an

indication that merchandise is ready for the autumn trade and a

practical showing of this merchandise will be made for the pur-

poses of selling, rather than of display.

There are to be no "fash-

ion parades," but a number of stores will "model," upon request

of patrons.

**BOYS TAKEN AS
AUTO RAIDERS.**

Two Minors Alleged to Have
Stolen Many Machines.

Joy Journeys and a Private
Garage are High Lights.

Lads Said to Admit Taking
Four Expensive Cars.

Charged with stealing automobiles wholesale and storing them in a private garage at San Marino street and Kingsley drive, Homer H. Davenport, 18 years of age, of 3478 East Fifth street, and Joseph M. Manning, 17, of 124 South Gramercy place, were arrested yesterday by Detectives Ervin and Hickok of the theft bureau of the Automobile Club of Southern California. The boys were found at their homes late yesterday afternoon, after the detectives had discovered the private garage and two alleged stolen automobiles. According to the officers, the lads confess they have stolen four automobiles. Three of the machines have been recovered.

Following the arrests and the alleged confession, police detectives stated the two without a doubt were implicated in a number of other thefts of cars during the past few months. All the cars taken by the young men, according to the police, have been of expensive makes and most of them equipped with wire wheels.

Manning says he has been making his home with an aunt, Mrs. F. M. Dunn, wife of Dr. F. M. Hunt, Davenport lives with his parents. The boys will be charged with grand larceny and turned over to the juvenile authorities.

The prisoners, according to the police, say the stole the cars to automobile and turned over to the juvenile authorities.

The matter came up when the Council allowed contracts for hay to the Park, Police, Fire, and City Engineer's departments. Councilmen raised the point that it is poor business for the city to buy hay for the Police Department when it could have raised on the farm under its own jurisdiction to go to waste.

ONE DOLLAR A QUART.

It's the Real Stuff, Too, but It's
In China.

Bitter tears of envy were shed by the thirsty in Los Angeles yesterday when Deputy Sheriff Dewar returned to this city and informed them of the low price of wet goods in the Orient. Deputy Dewar, who has just completed a trip of three months, while on leave as agent of the Canadian government on board the steamship Montezuma, brought sensational information that Scotch whisky sold in China for \$1.50 a quart; Canadian Club for \$1 a quart and American bourbon for \$1.10 a quart.

Mr. Dewar said that as the steamer, which was to have returned to Los Angeles and Long Beach harbors, and what is planned for the future in co-operation with the government.

The board coincided with the statements of Chief Engineer Mulholland that all new territory taken into the city should be required to contribute land, largely to the increase of water storage capacity.

It is estimated that the extension of the breakwater, which will provide an inclosed harbor from Long Beach to Tolosa, will cost approximately \$4,000,000. This is the largest item of expense included in the recommendations.

Livingston Family Fighting
First of Many Suits.

Son-in-Law Pressing Claim
Against Wife's Family.

Breakwater Extension Asked
and Deeper Channels.

Wants Refund for Defending
Evasion Charges.

The first of the suits involving the Livingston family came to trial in Judge Avery's court yesterday. This action was brought by J. W. Schultz, the brother-in-law of Benjamin and Robert Livingston, who figured in draft evasion cases during the late war. Mr. Schultz, who married Frances Livingston, named as defendant Mathilda Livingston, his mother-in-law; his sisters-in-law, Elsie and Clara Livingston, and his brothers-in-law, claiming \$637 due him for services rendered at the time of the Federal authorities' activity in the Livingston case.

Four recommendations to be brought before the government were emanated at yesterday's meeting, as follows:

Deepening the main channel from

Long Beach toward the present

lighthouse at the end of the break-

water, opening into the main harbor.

The recommendations will be made by the Harbor Commission.

Following the arrests and the alleged confession, police detectives stated the two without a doubt were implicated in a number of other thefts of cars during the past few months. All the cars taken by the young men, according to the police, have been of expensive makes and most of them equipped with wire wheels.

FOR BAKING DAY.

ANNA S. IS MAD AT THE UMPIRE.

Some favorite recipes of Times readers that may be new to you:
RAISIN DOUGHNUTS.

Two cups rice flour, 2 cups white sugar, 1 cup baking powder, 1 cup sugar, 1 cup milk, 1 tablespoonful butter, 1 cup cooked raisins, whites of two eggs. Beat the whites of the eggs thoroughly, to stiff edges, flavor with vanilla, fry in deep kettle of grease drawn on brown paper.—Mrs. Georgia Gray, Santa Ana, Cal.

FRENCH APPLE TART.

Take 1½ pounds apples, ½ pound brown sugar, cook for apple sauce, keep two good-sized apples out, core, quarter and cut into very thin slices, drop into basin of cold water to keep color. Line a tart tin with this pastry, spread the cooked apples over the bottom, add a few slices overlapping a little, sprinkle a little caster sugar over and bake. Take out tart and brush over with some red currant jelly, hot. Can be served either hot or cold.—Miss S. E. Hemingway, 409½ West Fifty-fourth street, Los Angeles.

CINNAMON PIE FILLING.

One cup sugar, two tablespoons flour, two tablespoons cinnamon, two and a pinch of salt, yolks of four eggs. It is important to have all ingredients just as directions: cream-sugar, flour, cinnamon, butter, and pinch of salt, stir until smooth and no lumps. Then gradually add the water. Have a good rich pie crust made, then add the filling to the pie stir in the yolks of four eggs which must be well beaten, stir all together good and pour into pie crust. Bake slowly until filling is done. Break the yolks of four eggs to a stiff froth, add half cup sugar, spread over pie and return to oven to brown. This recipe makes a very attractive pie, as there will be a white crust and yellow layer. Have tried this recipe for years and never had anyone say that didn't like it.—Newby, 427 South Figueroa, Los Angeles.

**CANNED LOVE APPLES
SHOULD BE READY.**

Tomatoes can probably be prepared in a greater number of ways than any other common vegetable. They form the basis of many soups and are used in sauces for fish or oysters. As a vegetable they may be used in many ways. Tomatoes are one of the stand-bys in the kitchen and the combinations made with onions, peppers and spices are almost endless. Canned, they do not spoil easily when reasonable care is exercised.

BREAD PUDDING.

Two cups stale bread crumbs, two pints milk, one-third cup sugar, one-fourth cup melted butter, two eggs, 1 cup raisins, 1 cup currants, one teaspoonful vanilla, soak crumbs in the milk, let cool. Then add sugar, butter, eggs, slightly beaten, salt and flavoring. Blend well and bake in a buttered dish in a moderate oven one hour; serve hot with vanilla sauce.

VANILLA SAUCE.

One-half cup sugar, one cup boiling water, one tablespoonful cornstarch, or one and one-half tablespoonsful flour, 2 tablespoonsful shortening, 2 tablespoonsful baking powder, 1 egg, 2 teaspoonsful cream shortening and sugar together, add well beaten mold, flour, with baking powder and nuts. Mix and turn into well-greased mold, steam 1½ hours. Makes two small loaves.—Mrs. A. M. Powell, Alhambra, Cal.

STEAMED NUT BREAD.

One cup whole wheat flour, ½ cup white flour, 1 cup sugar, English walnut meats, 1 cup milk, 1 rounded tablespoonful shortening, 2 tablespoonsful sugar, 1 egg, 2 teaspoonsful baking powder, ½ teaspoonful salt, flour, with baking powder and nuts. Mix and turn into well-greased mold, steam 1½ hours. Makes two small loaves.—Mrs. A. M. Powell, Alhambra, Cal.

THRIFTLETS.

The accompanying communication from Pasadena proves that the men have been studying the problem of the high cost of living, and Mr. Vaughan makes some satisfactory suggestions toward solving it. Here they are:

"A dime in the hand of one person saves a cent, while in the hand of another it will become an eagle!"—Emerson.

We buy at the cash basket stores and make our own deliveries.

We use freemeal cooker for oatmeal, rice, etc., which is much less expensive than the gas bill down to the minimum.

We use the best grade of everything as it proves to go further, and is good economy to do so. Cook just enough.

We keep a dozen hens. Also, by canning some fruit each summer we save money.

Friend wife has a washing machine and washer and soft collar besides the family wash.

We use ice and allow nothing to spoil. We save 2 cents a day on milk by taking a quart instead of two pints. I carry a lunch to my work.

By purchasing our coal in the summer we save thereby.

I get my kindling at a sash and door factory, and save about \$3 that way.

We do not waste any electric current when ironing or let any water run down the gutter when watering the lawn.

We save time by using our automobile.

"Thrift is better than an annuity."

Also, by reading the newspapers, we keep informed of any special values in goods, wages and merchandise offered for sale.—W. T. Vaughan, 751 Lincoln avenue.

Come on GIRLS!

Get over your summer outing, and ready for your winter innings!

FRECKLE-OFF

TAKES 'EM OFF
KEEPS 'EM OFF

TAN OFF

Without peeling

It's to use trying to hide freckles and tan underneath. They always show through and round the edges. Get rid of them. Use a little Freckle-Off, night and morning, month and they'll gradually fade away. Nobody can see them go. Presently you'll wonder where they are, how white you are, and the trick's done. Then use a little when the sun, and not tan that night, and that's all you have to keep.

FRECKLE-OFF keeps the skin young.

At all department and sporting goods stores and beauty salons. Ask advice. Don't take "something just as good." It doesn't exist. If you can't afford \$1.00, send \$1.00 and we'll send it by return mail. Don't waste time. Do it now!

Freckle-Off Company, 924 Black Bldg.

ACKNOWLEDGED to be the Biggest Newspaper in the WORLD.

NEW MILLINERY.

Materials and Shapes Which Are Now Being Shown in Paris.

One of the most interesting reports that has yet come from Paris as to what the leading milliners are doing over there has been supplied by a designer to the Retail Millinery Association of America, which is contained in a bulletin issued by that organization. In part, it says:

"Silk embroidered tulles is at present just as successful as lace, not for evening wear, but also for afternoon wear. Besides, a material which we had in our collection this summer is coming to the front again and matches it most prettily. What we call velours epingle, yet, although it is not silk, is rather more similar to silk than to velvet. In fact, it is between both—lighter than velvet, and yet having its soft and becoming appearance. This material is also most attractive compared with the plain tulles. For instance, a beret made of it is a good gold embroidery tulles with a monkey fur fringe at the edge. This same colored material in larger hats and veiled with a broad brim, makes a head behind. This may bring back the fashion of trimmings starting from underneath the brim at the back and projecting out on the side."

CUCUMBERS AS AN AID TO COMPLEXION.

Cucumber milk for the complexion—wash whole cucumber, then cut into small pieces, skin and all, using a silver knife. Boil slowly in a porcelain kettle with lime water until mush, strain through a fine sieve, then through cheesecloth. To five ounces of this fresh cucumber juice allow two ounces sweet oil of almonds, an ounce and a half essence of cucumber (which may be added to the cucumber juice) an equal quantity high-grade alcohol one-eighth ounce powdered white castile soap and three-eighths of a dram tincture of benzoin. Turn the mixture into a tin can and soap in a glass jar and after the soap has dissolved (it will take a few hours) add the cucumber juice and shake until thoroughly mixed.

Pour into a china bowl, add the oil and benzoin, then scent with rose or violet essence. Stir the mixture until creamy. The cucumber juice should be strong, only enough water being added to make it liquid. Bottle. Shake before using. This cucumber milk is especially good for the complexion which will not stand oils of any kind. The cucumbers should be green, though full-sized.

SILK UNDERWEAR IS NO LONGER LUXURY.

Silk underwear has ceased to be regarded by a majority of American women as an article of luxury. The demand for it has become so general that in the opinion of manufacturers, it is looked upon as a commodity in the feminine wardrobe. Never before in the annals of the industry has so much silk underwear been worn by women.

The demand is virtually confined to women's garments. Men do not generally favor the use of silk underwear, and women make up the demand of business manufacturers are not, as a whole, pushing the sale of men's lines.

POWER INCOME REPORTED.
The sum of \$10,114 was collected during the past week from the sale of municipal power through the operating agreement with the Southern California Edison Company, according to a report made by the Board of Public Service Commissioners to the City Council yesterday.

Here's a Real Way to Reduce
Your Cost of Living

Use Blanco Eggs And Save Money

The Klein-Simpson Fruit Co. announces the perfecting of the "K-S" system of preserving eggs, a secret method which is destined to remove the prejudice from one type of "cold storage" eggs.

By means of this system you are enabled to buy big, perfect ranch eggs laid in the spring of the year, perfectly preserved, at prices from eight to ten cents lower than "fresh" eggs of inferior quality.

If you are prejudiced against cold storage eggs, it is partly because the words "cold storage" have been abused and partly because some methods of storing have been faulty.

There are good and bad storage eggs, but when eggs are prepared under the "K-S" system, only an expert can tell them from fresh.

The Only Eggs So Stored Are Blanco Eggs

This name has been given these eggs so that you can go into a store and by calling for "Blanco Eggs" may absolutely know that the eggs you buy have the following qualifications:

1. "Blanco" means white. They're pure white.
2. Every egg was carefully selected in the spring of the year—the "K-S" system demands the best.
3. Every egg was candled before being stored.
4. Every egg was prepared under the "K-S" system.
5. Every egg is candled again when taken out of storage.
6. On every dozen you save from eight to ten cents. Only an expert can tell these eggs from fresh eggs. They poach perfectly. They make splendid mayonnaise. The best restaurants in Los Angeles use them. You can rely on every egg in the dozen.

Try Blanco Eggs Yourself

Specify them in your grocery order today.
Buy them with confidence and save money.

Klein-Simpson Fruit Co.

FAIRMONT FOLLIES DANCER.

Mrs. Vanda Hoff, formerly with Ruth St. Denis, later on the Orpheum, and with Vaudeville, is one more recent star of the Fairmont Follies, San Francisco, is appearing at the Alexandria Hotel on the programme presented in the main dining room. Her dancing novelty is meeting with marked approval.

ABOUT MILK SHAKES.

One of the List of Summer Drinks is Milk Prepared in Appetizing Ways.

A food drink of real nutritive value and tempting appearance and taste is the well made milk shake. It is a lunch in itself for a warm summer's day and is always a satisfying beverage for one who is hungry and tired.

The home-made milk shake is just as good as the one made by the very best confectioner, if it is properly made. To begin with, if you would be a past master in the art of shake making, you must possess yourself of a shaker. One of those that is strong enough to stand hard usage, with a screw cover, and a little space through which the shake can be poured into a glass, costs about \$2.

The spout is covered with a small tight screw cap and the screw is well screwed, and this is fastened to the top by a short chain which keeps it from being easily lost. Shakers for less than a dollar can also be bought, and they are quite as satisfactory for making good milk shakes.

For an egg milk shake, break an egg into the shaker, add flavoring and sweetening half fill the shaker with rich milk and shake vigorously. In both sides and top and bottom. Pour it into a glass and fill it with milk. If a plain milk shake is wanted, put flavoring, sweetening and milk in the shaker and shake them together holding one hand over the top and the other at the bottom of the shaker and shaking vigorously from the elbow.

If vanilla or some other flavoring extract is used, add flavoring either in the form of capsules or in a sweet syrup made by melting sugar over the fire in just enough water to hold it in solution, must be used with it. If a flavoring syrup is used

IT'S BAKING DAY AGAIN.

Do you know any other city which has more inviting bakeries than Los Angeles? Such alluring displays of bread and pastry, plump doughnuts snowy with powdered sugar, crispy brown rolls, delicious coffee cakes—the bakery windows are a constant delight and temptation. But inviting as they all are, they can't compare with the things mother used to bake, and in the interest of economy that established institution of former times—baking day—should be revived in every home. Even if it were not an economy you can't furnish your family with anything in the culinary line which will provide more delightful memories in years to come: Hot bread with butter and brown sugar; doughnuts piping hot from the kettle; the joy of scraping the pan the icing was cooked in; the little pie dough cake—don't you recall all those with delight? And don't you recall some of the recipes? Recipes for hot biscuits and rolls, for cookies and doughnuts, for nut bread, for muffins and gingerbread, all the delicious foods that are prepared on baking day. Send The Times some of your favorites before Saturday morning. There will be awards of \$2, \$2 and \$1 and as many of the recipes as possible will be printed in the Wednesday issues of The Times and in the new edition of The Times Cook Book. Please write on one side of the paper only, be sure to give name and address, and send your recipes to Domestic Editor The Times, First and Broadway.

THINGS TO KNOW.

In China the bride stands in a shallow basket as she dresses for her wedding so that she may have an amiable disposition in her wedded life.

For a person with large hips a corset one inch less in size than the waist measure is required. For a slim straight up and down figure a corset one and one-half inches less is required.

Have one measuring cup for dry ingredients and one for wet ingredients. This save time.

When a hat is caught in the rain

BUT THE CROWN OF IT WITH THESE PAPER UNTIL ITS SHAPE IS PERFECT THEN LAY FLAT ON A BOARD AND PRESS THE BRIM LAYING A CLOTH OVER IT.

In marking her pillowcases, it is a novel and helpful plan to print upon them styles of initials.

For instance a Japanese initial can be used on gauze linen, an English initial on another pair of cases, etc.

This method facilitates keeping the cases in pairs.

By filling a cigar box with sand, sealing and decorating it, a novel doortoys can be made. A little lace can be tacked up and tucked to the sides, and this twined with artificial vines. The top of the box is equipped with a handle.

THESE NECTAR FIT FOR ANY KING.

California Strait Lemon-Orangeade.

One lemon.

Two oranges.

Good cold water.

One large glass tumbler.

Sugar to taste.

Small bits of ice.

Juice from lemon and orange. Put in glass with little sugar, stir well and fill glass with water, adding desired sweetening and ice. Insert straws. Ready.

"Ambrosia," "frosts," "shrubs" and Good old-fashioned Grandpa and Grandma drinks, but for pure, unadulterated satisfaction in a delicious beverage, try best Lemon-orangeade made from Juicy California fruit.

Roseland Studio, Tustin, Orange county, Cal.

PLAN FOR ROOSEVELT FUND CAMPAIGN HERE.

COMMITTEE WILL SEEK TO GET SHARE BY SMALL CONTRIBUTIONS.

The Americanism of the late Theodore Roosevelt was emphasized at a meeting held yesterday in the Los Angeles Hotel. The meeting, attended by fifty prominent men and women who will participate in the big campaign, starting October 20, to collect \$100,000 for a Roosevelt Memorial Fund. The principal speakers were John C. Craven of Pasadena, member of the National Executive Committee for the Roosevelt Memorial Fund and in charge of the work on the Pacific Coast, and Marshall Johnson, chairman for Southern California.

Mr. Craven said that the idea of the national committee is to give every man, woman and child an opportunity to contribute something toward the fund, and not to solicit large contributions from the wealthy. Otherwise, he said, the very purpose of the campaign will be defeated.

Mr. Stimson pointed out that some of Roosevelt's best work was done in memory of his wife, and along these lines, as well as to perpetuate the good work which he started, that this campaign for Roosevelt's sake to his will be carried on.

Letters were read by Mr. Stimson from the Southern California committee, pledging their support and ready to appoint subchairmen in their respective counties. The quota for Southern California will be \$50,000.

NEW TELEPHONE MAN TAKES CHARGE HERE.

N. R. POWLEY IS NAMED AS CALIFORNIA COMPANY SUPERINTENDENT.

N. R. Powley, who was recently appointed commercial superintendent of the Southern California Telephone Company and divisional commercial superintendent of the company's operations south of the Tehachapi, arrived in Los Angeles yesterday, to assume his new duties. Mr. Powley comes to the south through conversation with the company's operations as his past work as rate engineer for the Pacific Telephone and Telegraph Company gives him an opportunity to know the operations of the company in the territory over which he now has jurisdiction.

"It has always been the aim and policy of the company," said Mr. Powley, yesterday, "to render efficient telephone service and it is my desire to make every effort to carry on this policy."

By Mr. and Mrs. Whittier.

Mr. and Mrs. M. H. Whittier were having a charming affair given at their Beverly Hills home for 200 guests, most of whom were originally from the old home of Mr. Whittier in Caribou, Me., and Mrs. Whittier, 20 days ago, returned from Caribou, where they spent a month. They were accompanied home by their two sons, Donald and Paul, Samuel, Wilson, Collins, Kenneth Powley and Phillip, Soucia and made the trip by motor.

Besides dancing to orchestral music on the wide terraces, Miss Molie Beverly Wilson and Mrs. Wallace L. Hardison with their songs gave pleasure to the company guests. Mr. and Mrs. Chester W. Brown, Mrs. Florence Colling Porter, Mrs. Clara Wilson Gries, Dr. and Mrs. M. H. Ross, Mr. and Mrs. Frank M. V. Vale, Mr. and Mrs. Marion C. Garrison, Mr. and Mrs. Fred Brown, Mrs. S. C. Graham, Mr. and Mrs. W. W. Orcutt, Mr. and Mrs. W. B. Scott, Mrs. William Loftus, Miss Loftus, Miss B. Smith, Miss Mary E. Smith, Mr. and Mrs. V. Andrews, Mr. and Mrs. L. W. Andrews, Mrs. Drusilla Warner, Mrs. W. L. Hardison, Mrs. A. Wilson, Dr. and Mrs. Sumner J. Quint, Mrs. Gertrude C. Ober, Miss Alice B. Hardison, Mr. and Mrs. Oscar W. Leonard, Mr. and Mrs. H. A. Hardison, Henry Lukin, Mr. and Mrs. Colin Whittier, Mr. and Mrs. H. H. Whittier, Mr. and Mrs. Eugene A. Holman, Mr. and Mrs. Gladys Hardison, Mr. and Mrs. Oscar W. Leonard, Mr. and Mrs. Fred Brown, Mrs. L. W. Corlett, Mr. and Mrs. Annie B. Hardison, Mr. and Mrs. Harry K. Small, Mr. and Mrs. Wesley Small, Mr. and Mrs. Lucian Small, Mrs. M. Carr, Mrs. Frank Hunnewell and Miss McArthur and others.

Mrs. Bucklin Becomes Bride.

At the home of her mother, Mrs. De Forest Bucklin, of 4165 Woodlawn avenue, Miss Ermine Fernella Bucklin and Mr. Cris D. Hagen were married by Rev. Baker F. Lee.

Pink and white asters massed with blossoms of various hues were used as decorations. Miss Gladys Bucklin, sister of the bride, played the wedding bouquet. Clement R. Winslow as best man, while the bride's only attendant was her five-year-old cousin, Valerie Hormann and her young daughter, Barbara, walked up the aisle to the altar. They were frocked in pink organdy and carried French bouquets. The bride, who wore a gown of white charmeuse and lace and carried a shower bouquet of white cyclamen. After a trip to Lake Tahoe and other Northern points of interest, the couple will reside here.

Baby Daughter Born.

Mr. and Mrs. Charles Kenneth Miles of Los Angeles and New York, are receiving congratulations because of the birth of a daughter at California Hospital. She has been named Winifred Cumstock Miles.

SOCIETY.

BY VIRGINIA WOODS.

Mrs. Edwards Home.

Mrs. William A. Edwards is home after a happy reunion with the families of her brothers in various parts of the East. For a month she and all her brothers, except Mr. Henry Taft of New York, were guests at a family reunion at Murray Bay, Can., where former President William Howard Taft spends his summers. It was a large house party and included numerous cousins. The former Mrs. Edwards' son, George, came to Murray Bay to play golf and to enjoy a real rest. Mrs. Edwards also spent a month in Watertown, Ct., with her brother, Horace B. Taft, who has a large family school there. She visited in the home of Henry Taft in New York and with another brother, Charles Taft of Cincinnati. Miss Helen Taft, daughter of ex-President, who has been in Europe for some time, is expected to return in a month, but will be too busy to come to California soon.

Miss Ward.

Miss Beatrice Ward, daughter of the former Mrs. Ward, of Chicago, whose engagement to Capt. L. Smith, naval officer at San Diego has been announced, is visiting in Los Angeles and in Pasadena. Her companion, Mrs. Charlotte Munro, is chaperoning her and a party of young folks including Capt. Smith. Yesterday they went to Riverside on a motor trip and are returning to Chicago the end of the week.

Mr. and Mrs. Braun.

Mr. and Mrs. Frederick William Braun are planning a motor trip to San Francisco early next month and will very likely go on to New York for a visit before returning to Los Angeles. Their daughter, Mrs. Lloyd George Schultz, has just returned to her home in San Francisco from Del Monte, where she won a cup in the gold tournament. She was very thrilled over this victory, because she has been playing only a few months.

The Dauphin.

Mrs. Thomas L. Duque and her daughters, Miss Helen and Adeline Duque, came home from a trip to San Francisco from Del Monte and Del Monte, where they had a very gay time with friends. Mrs. Duque and her daughters have passed the summer making motor trips to Del Mar and Coronado and were in Catalina for a time.

For Miss Doremus.

Miss Valerie Doremus, who is in San Francisco with her aunt, Mrs. Grant Doremus, is being entertained at all sorts of affairs. Yesterday Mrs. Doremus gave a smart tea in her honor for half a hundred guests.

In Bay City.

Mrs. H. Sprout and Mrs. Gertrude Ross are in San Francisco, where they are being entertained daily. Jack Hollman gave them a large tea. Mrs. Lawrence Strauss gave a dinner party for them at her Berkeley home, which she followed by a musical. Mr. Wagner, friend of Pauline, gave dinner for Mrs. Ross, Monday evening; Dr. Rinshart, president of Mills College, also a dinner for the visitors at which Miss Elmer Warren, of this city, was present. Mr. and Mrs. Alfred Heets gave a tea for Miss Sprout and Mrs. Ross, they having stopped in the Bay City on their way home from a concert tour.

By Mr. and Mrs. Whittier.

Mr. and Mrs. M. H. Whittier were having a charming affair given at their Beverly Hills home for 200 guests, most of whom were originally from the old home of Mr. Whittier in Caribou, Me., and Mrs. Whittier, 20 days ago, returned from Caribou, where they spent a month. They were accompanied home by their two sons, Donald and Paul, Samuel, Wilson, Collins, Kenneth Powley and Phillip, Soucia and made the trip by motor.

BAY CITY.

Branch Closed; Moved North.

Headquarters for work maintained during the war will be done through the Federal headquarters in San Francisco, according to an order of G. A. Davis, director.

It was supposed to have been definitely conquered Monday, but yesterday it broke out afresh, jumped the San Gabriel River, and is now headed toward the Devil's Canyon.

At last reports yesterday afternoon, it had gotten completely away from the army of more than 200 fire fighters, and the smoke was pouring out of the big woods in great volumes.

Supervisor Charlton desires that all visitors keep out of San Antonio Canyon until the present conflagration is under subjection. From information received the fire had swept over Webber's Camp, and has reached within a short distance of Camp Bonita. The resorts at Camp Baldy have not yet been reached, and it is believed that the fire may be kept away from that part of the woods.

Twenty men were sent from the Arcadia Balloon School by Maj. R. S. Bamberg, equipped with a fire fighting truck and loaded with enough "chow" to last the party several days. When word came to the forest office the help was needed, Maj. Bamberg at once volunteered to furnish all of the men who could be spared for the task, and they immediately left for the scene of the fire.

Yester-day an additional force of about 200 men were hurriedly dispatched from Upland and Azusa when it became apparent that the forces available at the front on hand, if the reinforcements are not sufficient, Supervisor Charlton will be required to recruit another army somewhere to join the fire fighters.

Charlton commented the statement that the fire is one of the most destructive reported in the reserve in a number of years. More than 1000 acres were burned before the fire was supposed to be stopped and the area can only be estimated, but the loss of timber, brush and the watershed must be very great.

It has now been determined that the fire started as a result of the carelessness of an old hermit, who lives in San Gabriel Canyon, and who was engaged in burning brush on one day last week when his fire got away and has been burning ever since, except when it was supposed to have been stopped.

Supervisor Charlton is close at hand, directing new forces and keeping tab on operations in the field. A half dozen small blazes have been reported to him, but each one soon smothered.

At least two fires, starting in the Santa Barbara reserve had not yet reached this side of the mountains and into Palomino Canyon.

The timber and brush have never been at a greater and the danger of fire was never so imminent. In spite of the rigid enforcement of the regulations regarding extinguishing camp fires, the unusual conditions contribute to many fires.

MUST FIGHT ON.

At 9:30 o'clock last night Forest Ranger Shay, who had just returned from directing the fire fighters, reported that the fire had covered an area seven miles in length and four miles wide. He is of the opinion there is little hope of stopping the fire before late tomorrow afternoon or early evening.

Mr. Walker-Dulley is an attorney with the law firm of West Forty-third Street, and he has been an invaluable aid to the fire fighters in getting them into play. All working models for a working model to train the public were made at the expense of the association.

"California Indians" are to Foregather at Del Monte.**KILBANE WINS BY A KNOCKOUT.**

(BY A. P. NIGHT WIRE.)

JERSEY CITY (N. J.) Sept. 16.—Johnny Kilbane of Cleveland, featherweight boxing champion, knocked out Frank Burns of Jersey City in the fifth round of an eight-round match at the Jersey City Baseball Park tonight. Burns arose before the count of ten, but the referee stopped the contest, as Burns was helpless.

MCGREGOR THE GREAT WINS ANOTHER RACE.

(BY A. P. NIGHT WIRE.)

COLUMBUS Sept. 16.—McGregor the Great, star trotter of the year, won another race today when he had the distinction of landing in straight heats the 2:05 3/4 and M. purse \$5000. He had to stop no faster than 2:05 3/4 to keep in front of Ramco, his nearest competitor.

McGregor Lores easily disposed of his field in the Capital City trot, 2:06 class. Miles Brewer, the original favorite, broke in the stretch the first two miles. In the third heat she made Prince Lores trot 2:05 3/4 and M. purse \$5000.

Pariscope, three-year-old filly owned by J. H. Dodge of New York City, won the three-year-old trot, Horse Review Futurity, purse \$6000.

Willie Fritch, Peter took advantage of her switch home in the first heat and won, a long shot nevertheless. There was but one holder of a 25 mutual ticket on him and he cashed to the extent of \$422. Time 2:07 1-4.

The 2:07 class pace was won by John Quirk, best time, 2:03 1-4.

DR. NEWCOMB GRABS RUNNING-DEER PRIZE.

The Los Angeles Riffs and Revolver Club shot at the running deer last Sunday at their Glendale range.

Dr. A. T. Newcomb won the event with a single shot from a field of competitors. In a 59-yard special match S. H. Hart was high gun.

Next Sunday, September 21, the club will stage the United States Army competition course. The shot match winners who qualify will be awarded by the War Department a bronze expert button and in addition the club has a silver and bronze trophy to be awarded to the winner of the highest scores.

2:06 trot, the Capitol City, purse \$5000, three heats.

2:06 trot, the Glendale, purse \$5000, three heats.

ELSON'S GUESTS CHOSEN.

Thousands of Banquet Invitations Sent; Political Affiliations Ignored.

The banquets to be given in Los Angeles to President Wilson and party were mailed yesterday.

Invitations were sent out, composed by Donald O'Malley, chairman of the committee on the banquet. In selecting the guests it was said political affiliations were ignored, and the invitees are municipal, social and business affairs were included.

Those invited includes Governor, County Commissioners, members of the principal California cities, ministers, army men, naval officers, consuls, civic organizations, president of the Chamber of Commerce and others.

After the Presidential party has been greeted, Mr. Wilson and those with him will enter automobiles and the parade through the streets will start, after which the party will go to the Shrine Auditorium, where the President will speak for the League of Nations.

CHAIRMAN NOT CHOSEN.

The chairman for the meeting at the Shrine Auditorium, who will introduce the President, has not been named. Mayor Snyder will call the meeting to order and introduce the speaker.

The report that the doors of the Shrine auditorium will be opened at 6 o'clock Saturday and closed at 6:30 o'clock is denied by the committee in charge.

It is not known when the doors will be opened, Mr. McKee said yesterday. "This is a detail we have not arranged. I believe that for the best interests of all concerned, the report that the doors will be open half an hour after they are opened should be denied."

Everyone will be welcome at the auditorium, Mr. McKee said. There will be no reserved seats except those for the press and clergy.

SEPTEMBER AND JUNE DISAGREE.

(Continued from First Page.)

An "establishment" and once on a crowded West Sixth street-car, created a scandal by exclaiming: "I have found where that woman is."

ONLY CASTOR OIL.

Dr. Wade recited the incident of the castor oil.

"She cried: 'I know I am pale, and I am going to send this to my analyst.' She brought in the bottle uncorked and told me I had to drink the contents. I replied she would not want me to drink it if it was poison. Subsequently I poured the contents into the sink and washed the bottle out with hot water."

The doctor also told the episode of the tooth brush. He said: "She was in the bath room, and cried out: 'My tooth brush is covered with poison.' I said: 'Bring it to me. I will take it.'

There was the alleged cruel remark of Mrs. Wade's aunt, the house cat.

"I have a Persian cat, sixteen years old. Mrs. Wade said to me: 'She has been applied to in this house you and Toby.'

Mrs. Wade denied these and other charges.

Judge Craft stated "the mere fact that Dr. Wade's evidence is not corroborated is no evidence that he is not telling the truth or that the court should not believe him."

It was the second matrimonial witness called by the defense.

Dr. Wade testified that Dr. Wade had been her family physician and had operated on her son. She had known him several years before she married him. Several of her women friends were called as witnesses to corroborate Dr. Wade's gallantry when he saw his wife off to the picnic, planning at the time to leave her.

He testified: "I was pleased at the prospect of getting away from her."

NEW LABOR LAW FOR WOMEN AND MINORS.

SITE IS INSPECTED.

Chairman Dodge and Supervisor Bean and Woolley, who are hearing the protest of property owners against Alamosa Bay against permitting the Alamosa Bay Corporation to lay a pipe line for the discharge of waste water into the bay, inspected the ground at Alamosa Bay yesterday.

The corporation claims that the waste water will be purified before it is dumped into the ocean. Alamosa Bay people say the waste water will seriously interfere with the growth of that community.

THIRD-STREET BLOCK OPENED FOR PARKING.

With Councilman Mallard dissenting, the City Council yesterday voted to instruct the City Attorney to prepare an ordinance providing that total prohibition of parking on West Third street, between Broadway and Hill street, shall be only from 4 to 6:30 p.m. Mr. Mallard urged that thousands of people use this narrow street daily, and that justice to them the prohibition should extend to all business hours.

Every business concern in the block had signed a protest closing the street to parking.

SOLDIER'S HAT USED AS ROBBERS' DECOY.

If you see a soldier's hat in the road, don't stop to see if a brick is under it, says Sheriff Cline, as the result of reports made to him yesterday. That hat, placed on the Robins boulevard, was used as decoy Monday night. An automobilist stopped his car and was examining the hat when he saw two men coming toward him with guns in their hands. He sped up his car and escaped.

WANT PAVING CHANGED.

Property owners on Ridgewood place, purporting to represent 88 per cent. of the frontage affected, filed a complaint with the city, asking a petition to the City Council, asking that Topeka pavement be substituted for Warrenton in the plans for improving that thoroughfare from Wilton place to Temple street.

LID CLANGS ON FOOD INQUIRY.

Policy of Silence Adopted by Federal Officers.

After Grocers and District Attorney Force Confer.

Sugar, Tomatoes, Beans and Raisins on the Tapis.

The lid of secrecy has been clamped down on the Federal investigation of the local food situation, so far as the United States District Attorney is concerned.

The official welcoming committee, which will greet the Presidential party, will be composed of George S. Patton, chairman, Mrs. W. A. Edwards, Mayor and Mrs. Snyder, Henry E. McKee, Harry Chandler, E. Gibson, Mrs. John Evans Cowell, Capt. John D. Fredricks and Edward A. Dickson.

None but the official committee will be granted permission to enter the depot when the Presidential train arrives.

After the Presidential party has been greeted, Mr. Wilson and those with him will enter automobiles and the parade through the streets will start, after which the party will go to the Shrine Auditorium, where the President will speak for the League of Nations.

CHAIRMAN NOT CHOSEN.

The chairman for the meeting at the Shrine Auditorium, who will introduce the President, has not been named.

Mayor Snyder will call the meeting to order and introduce the speaker.

The report that the doors of the Shrine auditorium will be opened at 6 o'clock Saturday and closed at 6:30 o'clock is denied by the committee in charge.

Irresistibly Low Prices for Clearance Upon Dolmans, Capes, Coats, Suits, Dresses

\$9⁷⁵, \$15⁷⁵, \$19⁷⁵, \$29⁷⁵

Just about twenty-five coats, fifteen suits, twelve dresses. Values in one group or another from \$13.50 up to \$89.50. Good, popular materials in every article concerned, but not every material at every price, of course.

Twenty-five Wash Dresses; Values to \$17.50, for \$4.95

(Garments: Third Floor)

The Revival of the Jabot

With its graceful style, will be received by many with great pleasure.

The cascade is being shown in many effects; although other models are equally as fashionable, and perhaps more becoming to certain faces.

Nets are preferred materials for jabots and other neckwear — pretty laces and a great deal of hand embroidery adds beauty.

(Nets: Main Floor)

For Handkerchief Centers

Which so many women want, upon which to place their own lace edges or tatting, may be had here in pure linen or shamrock, in all sizes from nine inches.

Different widths of hems are also shown in these centers; they save you all the trouble of making them yourself.

Plain all-linen handkerchiefs and centers may be obtained in variety at 35c; three for \$1.

(Handkerchiefs: Main Floor)

A Special Sale of Madeira Linens

Of which this house carries an enormous assortment, will prove timely to many:

Tea Napkins

—13-inch embroidered napkins in smart new corner patterns, values at, dozen \$12.00

Madeira Scarfs

—a limited quantity of these; 18x45, special \$5.85

18x54, special \$6.85

Madeira Centers

—24-inch size; special, each \$4.85

This is a typical Coulter value.

(Linens: Second Floor)

Velvet Bags

With metal frame and chain handle, or self-covered frame and velvet handle, are variously fitted with inside purse and mirror; well lined, and are good values at \$4.95

Luncheon Boxes—fitted with sandwich box and thermos bottle; half pint or pint size, are ideal for children's or laborers' lunch purposes.

(Main Floor)

New Shipments of Fine Silk Hosiery

Bring Coulter stocks again to a height of supremacy extremely gratifying to our patrons.

Such asked-for shades as black, white, silver, African brown, smoke, Piping Rock gray, navy, dove, olive, dust, deer and lead will serve to match any of the new shades in boots for fall. \$2.50 a Pair

(Hosiery: Main Floor)

Community Silver at Coulter's

Autumn's Smartest Sweaters

Are shown in novelty wools in tuxedo and coat style; camel's hair, overseas blue, henna, brown, peacock, white or black.

One particularly fetching model, in navy blue is trimmed with fringe, and has a deep tuxedo collar of contrasting shade; \$12.75 to \$35.00.

Silk Sweaters

Are rendered distinctive by contrasting trimmings, odd collars, etc., and come in pink, turquoise, corn, brown, cardinal, sand, gray, navy, white or black, and heather mixtures of green, purple and navy.

\$39.50 to \$69.50

(Sweaters: Third Floor)

FANCY WARD
IN
"THE CRY OF THE WEAK"
ONE OF THE BEST
PICTURES OF THE YEAR
MY GOD! SISTER HIDE ME FROM THE CRY

LYRIC TRAGEDY OF SCREEN.

BY EDWIN SCHALLERT.

Whether or not D. W. Griffith has actually succeeded in restoring the tragedy to its rightful place in the theater, his "Broken Blossoms," which was presented for the first time at Clune's Auditorium last night, is to the future of pictures what the solemn tragedies of Sophocles are to the drama of all ages. In the midst of the Twentieth Century hurry and bustle he has asked men and women to pause in their search for entertainment in the realm of stage and screen, and seek for the higher ideal of a beautiful story wherein the death-knell is sounded for hero and heroine. He has enabled the sordid surroundings of one of the lowest quarters of civilization with scenes of beauty, and against this strangely fascinating background has painted the standpoints of Confucianism seem a small thing. Yet it was the great thing in the life of this and the other two characters of the story. Mr. Griffith has even gone so far as to say that the whole source in recent days except that of music.

The master producer has left the glamorous labyrinth of the spectacular and has reached down into the heart of the sincere, the most idealistic of primitive human emotions. The great trick by which he has elevated these to the heights of magnificent drama is his idealism—an idealism that is pure in its fatal blending of the Chinese and the distinctly individual and opposite characteristics of the Orient and the West. The relationship between the oriental and the girl bears close analysis. For, looked at in a certain light, the idea of the white heathen being the coming party to the Romanized is preposterous. The producer's idealization of the Chinaman is the magnificence under which he has carried on the drama. The Chinaman, with his half-sloshing, half-slinking gait, he never forgets to maintain that perfect idealism, which is supposed to be his chief characteristic.

Mr. Griffith has achieved a remarkable make-up. One ear is deformed from his battles in the ring. His eyes have the expression you might attribute to a violin from the hands of a master violinist. Mouth and teeth are all made essential in his faithful sketching of bruteness. Other people in the cast, all of whom fit perfectly in the picture are Arthur Howard, Edward G. Robinson, Seelye and George Beranger.

THE SETTING.

The settings are elaborate in their simplicity. There are only three or four in which the main action transpires, because it is essentially a drama of ideas and characters. The production is superb in its beauty of setting, which exactly sets the mood for the picture. The musical effects added to by the Balalaika orchestra, and the Chinese band, directed the whole, became more and more a part of the actual drama as it goes forward.

The applause following the presentation lasted all of five minutes, and when Mr. Griffith stepped in front of the curtain and expressed his thanks to the audience for their reception to the people who had assisted him in the production, he again turned to the stage and, after a short speech, left the stage.

The emotional surge of the story as Mr. Griffith has told it on the screen, is terrific. It can only be compared with those described lyric drama of the operatic stage where the "Midnight Cereus of love blooms amid the most adverse surroundings. It strikes a point midway between the clash derived from the "Madame Butterfly" and the clash arising out of a condition fate in "Tristan and Isolde." The tide is heavier than in the former and falls only of attaining the latter because the theme is less sublime—more purely human. This is the reason, it will have a greater immediate reaction on the public mind.

The fate motive, ever a lashing hurricane in any love story, is introduced in all its most hideous and repellent forms in the making of the oriental and the girl. Down to the desperate extremity of leaving the only home she had known because of the brutality of her illegitimate father, she falters toward the solid alleys of London until she reaches the store of the Mongolian idealist, and stumbling falls to the poor.

In the twilight of his recollections, superinduced by the quaffing of dreams from the ill-fated pipe, the yellow man beholds the white girl.

The tide motive, ever a lashing hurricane in any love story, is introduced in all its most hideous and repellent forms in the making of the oriental and the girl. BREAKS FAITH WITH AUSTRIA.

Helper of Hoover Says Emperor Left with Jewels.

Central European Conditions Described as Distressing.

Resident of Perris Predicts a Coming Struggle.

(LOCAL CORRESPONDENCE)

PERRIS, Sept. 15.—That Emperor Charles of Austria and Hungary took his government with him to a new government of Austria and decamped with nearly a million dollars worth of the crown jewels, is the startling statement made by C. E. French, a resident of Perris who returned from overseas a few days ago.

Mr. French was taken by Herbert Hoover from regular army service and attached to the commission which visited Austria-Hungary, Serbia, and Rumania, and parts of Italy. He describes the hunger in the old country as impossible to express. The commission was obliged to carry their own food with them, but he states that it was impossible to resist the appeal in the eyes of the people.

the hungry, who stared through the windows while they sat at their meals in the dining car.

The Austrian government of Count Caroly had agreed to pledge the crown jewels as security for payment of the food. They had meant while to send King Carl to safety to Switzerland, but the King managed to get away and get the crown jewels in his possession and kept the fact that they were on board unknown even to the English soldiers who guarded the train. Upon discovering this, the Austrian government sent the Austrian government found other funds to pay for the food supplies. Much of this, Mr. Cash says, was obtained by speculators and profiteers before they reached the people for whom they were intended, as the Hoover commission was not able to do with the distribution of the food supplies delivering it to the ruling powers of the various States.

Mr. Cash spent some time in Dalmatia, where he found the entire Jugo-Slav has a civilization that was old when the Normans came to England, and will prove in time the cause of another struggle between Italian and Slav.

(LOCAL CORRESPONDENCE)

SANTA MONICA, Sept. 16.—Charging him with disturbance of the peace, saying that he had struck and injured an undressed language, Mrs. Allen Morris of Fairmount street and Central avenue, today filed complaint against Fred Davis. Hearing of the case was set for tomorrow morning, and Davis was in custody of Miss Nora Morris.

Santa Ana Man Dies on Train While En Route Home.

(LOCAL CORRESPONDENCE)

SANTA ANA, Sept. 16.—Be sure and cut that moustache off before I see you again." This was the parting admonition given to John Carter in the County Jail here today by Mrs. Florence Amelia Muller, as the woman, who had pleaded guilty to a bigamous marriage to Carter, departed for a year's term in the True Love Home in Los Angeles. Carter and the woman kissed and embraced at their last meeting in the presence of officers, and conversed for a few minutes in low tones. Then Mrs. Muller departed in custody of Miss Nora Morris.

deputy probation officer, and Carter was returned to his cell to await trial on the charge of knowingly marrying a woman already wed.

(ASKS ANNULMENT.)

Perris' five years after an illegal marriage ceremony, as a result of which two children have been born, Mrs. Ruth E. Thomas of Seal Beach today filed suit for the annulment of her marriage to Edward H. Smith, now living in Los Angeles. She is home in Lakewood, Rev. F. Cordes, pastor of the German Evangelical Church, left this afternoon for Sacramento to claim the body and to ascertain the circumstances surrounding Schroeder's death.

MEXICANS CELEBRATE."

Two thousand Mexican residents of Santa Ana and vicinity gathered here last night and today for the greatest celebration of Mexico's independence ever held here. The proceedings were enlivened by Mexican band, numerous belts and streamers of red, white and green, and a parade at noon today. A program was given at Aztec Park afternoon and a power狂 dance closed the festivities tonight.

The RICHMOND PIANO

Exemplifies Starr Quality
in High Degree

—The RICHMOND PIANO is one of the family of Starr-Made pianos which have attracted world-wide attention among music lovers and artists.

It has the sweet singing tone characteristic of all Starr-made instruments, and the integrity of craftsmanship, insuring many years of gratifying service.

Starr-Made Pianos have been accorded highest honors at ten international expositions, proving their surpassing merit.

Like all Starr-Made instruments, the RICHMOND PIANO is built under the most efficient scientific methods and sold under economic marketing arrangements through factory branches, permitting prices that are low in proportion to quality. Come in and hear this superb piano. Terms if desired.

HELD ON LIQUOR CHARGE.

Following an investigation yesterday of the large cache of liquors seized early Monday morning at 4500 West Sixteenth street, when Mrs. F. M. Pendergast was arrested by plainclothes officers Johnson, Coomer and Mann on charges of violation of the Federal liquor law, the woman's husband, Frank M. Pendergast, was last night taken into custody and lodged in the University Station on similar charges.

When booked Pendergast gave his occupation as auto salesman. He was placed under arrest when he returned home late last night. He

refused to make any statement to the detectives, and was held without bond pending action of the Federal authorities.

WASHBURN PHOTO-FEATURE. Bryant Washburn in "A Very Good Young Man" is the star at the De Luxe this evening. In this unusual photoplay the popular star essayas the role of a young fellow who was too good to be true—but that is the way the girl had it figured out.

Tomorrow and Friday the De Luxe bill will be headed by Irene Castle in "The Firing Line."

TO SAVE MILLIONS

MEXICANS HAIL LIBERTY HEROES

Crowds Attend Independence Day Observance.

Speaker Says Unity Can Save Southern Republic.

Urge Leaders to Join Forces Against Anarchy.

That intervention by the United States in Mexico would be only for the best interests of the people of both Republics, and that the only way to prevent such intervention is for the leaders of Mexico to patch up their differences and join to liberate Mexico from anarchy, were two of the statements made yesterday by Gen. Frank C. Prescott, speaking before 3000 persons gathered in the grove at Selig Zoo to celebrate Mexican Independence Day.

"The story of Mexico is a glorious one," said Gen. Prescott. "She controls the destinies of a people whose history provides a peer for every hero and heroine that ever lived. I need not enumerate the names of those great leaders, but I can sum up in one name which stands beside that of Washington, and that name is Hidalgo. The Mexican race has withdrawn oppression in the past and suppressed it; has fought every disease and emerged victorious and I, for one, believe that there are millions of people in America who have faith in the integrity and bright future of your country."

"However, today we find one great fault with Mexico and that is the lack of confidence in her people toward one another. If your leaders can only be induced to get together before the United States is compelled to intervene, it would solve all your troubles and make unnecessary an undesirable and undesired invasion for the purpose of protecting both Americans and Mexicans."

The crowds began to congregate at Selig Zoo early in the morning and kept coming until evening. Altogether about 5000 persons were at the 200 acre Lincoln Park, in which place an "overflow" meeting was held, especially for the benefit of the children.

There was a free barbecue and outdoor dancing in the noon hours, but in Lincoln Park a merry-go-round was the big attraction for the Mexican children. The programme began at 2 p.m., starting with the singing of the Mexican national anthem, the audience joining in the chorus.

In charge of the musical programme was Mrs. M. G. Gonzales and among the soloists were Hernandez Vizcaino, Dennis P. Alderson, soprano; Victoria Juarez and Armando Fernandez. Among the other entertainers were Ruby Riviera, a Spanish dancer, and Rosa Ortega. Although only 10 years old, this little girl has composed nearly all her own songs, and dances, and makes her own brilliant costumes. Her parody on "La Paloma" yesterday brought forth continued applause from the audience. Other speakers besides Gen. Prescott, were Thomas F. Botello, Charles W. Moran, J. A. Altamirano, W. T. McCormick, Francisco E. Lopez and M. G. Gonzales, chairman of the Mexican Independence Committee.

REDUCTIONS MAY BE NATION-WIDE, SAY OFFICIALS OF DOCAD AUTO CLUB.

An even greater saving than that announced for motorists on insurance rates since 1912 is predicted by officials of the Automobile Club of Southern California for the next five years, as a result of a cut of 25 per cent. in rates affecting all of the state.

This estimate shows that automobile owners will be saved approximately \$6,000,000 in the next five years, the amount being selected as arbitrary by one Fred L. Baker, president of the club.

Insurance rate cuts since 1912, when the Automobile Club opened its first office, have been increasing annually as a result of the reduction in the cost of insurance. This estimate is based on the assumption that the automobile owners will be saved approximately \$1,000,000 in the next five years, the amount being selected as arbitrary by one Fred L. Baker, president of the club.
